## NOVEMBER WEATHER WAS ALMOST NORMAL

November weather, according to L. H. Copeland, observer at the Millport, Columbiana county, station, was almost normal as to temperature based on an average of 24 years. The average temperature for the month was 39.4 degrees, while the general average is 39.1. The rainfall was 2.35 inches, and the general average 2.23 inches. To the observer the past month was unusually wet, but the records show that it was little more than the normal in precipitation. There was during the month a snow-fall of seven-tenths of an inch. There were but nine clear days in November, eleven on which rain fell, ten cloudy and eleven partly cloudy.

November last year was slightly warmer. The rainfall was only 1.82 inches. The warmest November was in 1909, with an average temperature of 46.5. The coldest in 1910, with a temperature of 34.2. The wettest was 1897, when 6.20 inches of rain fell. The driest in 1912, when less than half an inch of rain was reported. Nine years ago the station records show zero weather on the 16th of the month.

**Damage Suit on Trial.**  
The case of Charles E. Singer against Edwin L. Wheatley of East Liverpool was placed on trial today. It is a damage suit growing out of an alleged case of assault and battery.

## MRS. ELSIE WEIKERT AGED 83, IS DEAD

Mrs. Elsie Weikert, aged 83 years, died suddenly at the home of her son-in-law, Frank Chandler, at their farm home, three miles west of Lisbon, Tuesday. She was the widow of the late Joshua Weikert, who died nine years ago. Mrs. Weikert had made her home with the Chandlers for the past four years.

Three children survive, Mrs. Chandler, Mrs. R. R. Zimmerman of Niles and H. L. Weikert of Canfield. One brother and three sisters also are living, William Walter of Alliance, Mrs. Dora Calvin of Cleveland, Mrs. Maggie Stouffer of Washingtonville and Mrs. Hannah Travis of Jefferson.

Short funeral services will be held at the Chandler home Thursday morning. The body will be taken to Washingtonville, where services will be held at 2 o'clock and burial will be made in the Oak Hill cemetery at Washingtonville.

## DAMAGE SUIT IN HIGH COURT

**Supreme Court Hears Case of Mrs. Mattern Against Ice Company.**

The damage suit filed by Mrs. Elizabeth Mattern of this city against the City Ice company to recover damages to her home, alleged to have been incurred by the bursting of a dam in California hollow three years ago, was heard before the Ohio supreme court at Columbus Tuesday. A decision has not been handed down in the case.

The home of Mrs. Mattern in California hollow was flooded, it is claimed, when an ice pond owned by the ice company collapsed. Suit was filed in common pleas court at Lisbon by Attorney Ben L. Bennett in behalf of Mrs. Mattern and a damage award granted the plaintiff. The case was carried to the court of appeals and the decision of the common pleas court upheld. The ice company then continued the case in the Ohio supreme court. Attorney Bennett argued the case before the supreme court in Columbus Tuesday.

## Missionary Society Meeting.

The Women's Foreign Missionary society of the M. E. church will hold a social and business meeting Wednesday evening. Refreshments will be served. Mrs. Rev. George, wife of the district superintendent, will give a talk.

## Verdict for Plaintiff.

In the case of May Morgan against Eugene Law, a damage case from Wellsville, a verdict was rendered Wednesday in favor of May Morgan for \$49. The action grew out of injuries from a falling limb which struck Miss Morgan.

**Informal Reception for Judge.**  
The Columbiana County Bar association will give an informal reception Saturday morning to R. M. Wamnamaker, judge of the Ohio supreme court, who will be in Lisbon Saturday to make an address at the meeting of the County Teachers' association. The reception will be held at 10 a. m.

Mrs. Anna Johnson, who had been visiting her son, Herbert, in Pittsburgh, returned home Wednesday after an absence of several weeks.

## SPEED UP SALE OF XMAS SEALS

**Visiting Santa Claus Spent Wednesday at Sloan's Store.**

The visiting Santa Claus of the Red Cross Christmas Seal campaign spent Wednesday at the Sloan dry goods store.

The committee of women in charge of the Christmas seal booth at Sloan's won the right to claim Santa Claus for the day by selling the largest number of seals on Tuesday, the second day of the ten-day drive. The booth is manned by Mrs. John Vodyrey and Mrs. John Harris.

Presence of the visiting Santa Claus is serving to stimulate the 50 or more women solicitors in their efforts and the daily query is "Where does Santa Claus go tomorrow?"

Nearly 45,000 seals have been sold so far in the campaign. The city's quota has been fixed at 200,000 seals, or less than ten cents worth for every man, woman and child in the city.

## DIRECTORS TO BE NOMINATED

**Committee Named to Fill Vacancies On C. of C. Board.**

A nominating committee of five members to draw up a ticket of not less than 15 candidates for the seven vacancies on the board of directors of the Chamber of Commerce was named at a noonday luncheon meeting at the Y. M. C. A. Wednesday.

The committee includes J. W. Moore, chairman; Harvey McHenry, Lee C. Cooper, Thomas Sant and George Wassman.

Seven directors retire from the board this year. The new directors are elected for a period of three years.

Fifteen hundred Red Cross Christmas Seals were sold around the table following an informal solicitation by a committee of women workers.

George Wassman was named chairman of the next noonday luncheon next Wednesday.

## WILSON DEFERS MESSAGE ON RAIL SITUATION

WASHINGTON, Dec. 3.—President Wilson will not send a message to congress on the railroad situation until after Director General Hines has conferred with Senator Cummins and Representative Esch in charge of railroad legislation. This was announced at the White house today.

The director general will make a report to the president on the situation and the message will be framed accordingly.

Thus far there are no contemplated changes in the plan for the return of the railroads on January 1.

## CHAIN STORE HERE REMOVED TO WHEELING

The Atlantic Tea company's chain store in Washington street is being moved to Wheeling, W. Va.

Without any preliminary notification to Miss Lois Welch, local manager of the store, two large motor trucks drove up to the door of the establishment Tuesday afternoon and the work of dismantling the store was begun.

An official of the firm from the Wheeling store arrived here Wednesday to supervise the removal work. He explained that there was "more room in Wheeling for the store." The store was established here several years ago.

families to determine the true condition of the homes so as to eliminate those who are not really in need of assistance.

The Salvation Army corps is also planning to inaugurate a campaign for the collection of discarded clothing to be given needy men, women and children of the community. Already the citadel has been besieged with appeals from destitute persons who are without adequate apparel to resist the wintry blasts. An appeal was voiced Wednesday by the Salvation Army officers for contributions of old clothing.

Any one having clothing of any description still fit for wear is urged to bring it to the Salvation Army citadel, West Third street, or notify officers of the corps.

tempt will be made to generate sufficient power at the plant here to meet the essential requirements.

There is sufficient coal at the local plant to operate at capacity ten days but in the event of an emergency a greater supply of coal would be necessary. Shutting off of current for display signs and store windows might result from a scarcity of current, it was stated.

The Community Bank has money to loan.

## ONE MAN DEAD, \$750,000 LOSS IN PIER FIRE

**Flames Destroy Two Piers and Several Steamers in Baltimore.**

## MANY HEROIC RESCUES

**Fire Started Under Piers, But Cause Is Not Determined.**

BALTIMORE, Dec. 3.—Fire early today destroyed two big piers of the Canton Lumber company, located along Baltimore harbor, destroying several steamers, including the large United States government steamship L'Enfant, a number of oyster vessels, a number of tugs and damaged other vessels. The crews of several vessels were forced to leap into the icy waters of the harbor to escape the flames and many heroic rescues from drowning were reported.

One man, William Henry Train, United States quartermaster's department, cook on the United States steamer L'Enfant, was burned to death.

Among the vessels damaged were the big excursion steamer Dreamland, the United States shipping board steamers Lake Buval and Nupolia and the oil tank steamer Wilhelm Jensen. The fire is believed to have started under the piers, but its cause has not yet been determined.

The loss is estimated at \$750,000.

## Seek Greater Sugar Supply.

WASHINGTON, Dec. 3.—With a view of securing a greater sugar supply for the American public, officials of the department of justice today conferred with large sugar producers and members of the sugar equalization board to fix a definite policy of sugar control.

Howard E. Figg, special assistant to the attorney general, in charge of the government's high cost of living campaign, and Judge C. B. Ames, represented the department of justice.

## SENATE ORDERS PROBE OF NEWBERRY'S ELECTION

WASHINGTON, Dec. 3.—Investigation of the election of Senator Newberry, Republican, Michigan was ordered today by the senate.

Senator Calder reported a resolution from the committee on audit and accounts giving the senate elections committee power to investigate both the primary and general election of Newberry.

The committee will not take up the question of primary election because of the action of the grand jury in finding "true bills" against Newberry and others in the primary election case.

## BOMB SCARE IN EAST END

**Edward McKinnon Thought Home-Made Electric Torch Was Explosive.**

Discovery of a home-made electric torch with a length of green wire and a fuse attached in the rear room of the Edward McKinnon wall paper and novelty store in Mulberry street, near the Pennsylvania railroad crossing, East End, threw a bomb scare into the neighborhood shortly after 10 o'clock Wednesday morning.

Mr. McKinnon discovered the crude fixture beneath a pile of wall paper. Fearing a bomb, he called police headquarters and asked that an investigation be made.

What Desk Sergeant Stephen Kennedy really found was an old salt shaker converted into an electric light torch with one end cut out and replaced with a glass lens. An electric light bulb had been placed inside the shaker and a wire and fuse attached.

## Proposes Tax on Bachelors.

AKRON, Dec. 3.—William Woodbridge, marriage license clerk, himself a bachelor, is proposing as a partial solution of the problem of raising revenue for the state since prohibition has cut off the liquor revenue, an annual tax on bachelors. He estimates the returns would mount to millions annually.

### PASS OVERHEAD BRIDGE BILL

Ordinance No. 921, granting to the Pennsylvania Railroad company the right to build a bridge over Main street, at Fifteenth street, for the use of employees, was passed without a dissenting vote by council Tuesday night over the veto of Mayor George B. Imbrie.

Endorsements of the bridge proposition from the Wellsville local of Firemen, Oilers and Laborers, and the Machinists' local were read prior to the passage of the measure.

An ordinance authorizing the city of Wellsville to issue refunding bonds in the sum of \$20,000 to extend the time for payment of certain portions of the city's indebtedness was adopted by council under suspension of the rules.

The committee's report upon the condition of a cellar in the vicinity of McQueen's run sewer, the owner of which fixed his damage as \$175 was ordered received and filed by council. The cellar, it is said, was flooded and the owner's sewers clogged by the bursting of the storm sewer.

City Auditor John McQueen's regular monthly report for October showing that the following balances were in the various city funds on November 1, was received and filed by council: general funds, \$1655.93; safety, \$1488.25; health, \$122.17; service, \$525.31; cemetery, \$508.13; water, \$16,872.55; library, \$819.77; trust, \$26.80; white way, \$280.94; relief, \$48; Seventh street, \$386.89; sinking, \$6185.64.

Initial steps toward opening a certain portion of Anderson avenue, near Twelfth street, were taken. The city engineer was instructed to stake out the street at that point, while a committee was to investigate and learn whether the property, which was at one time used as a street is owned by the city or by private individuals.

These steps were taken when it was announced that the Sterling Products company, local pottery concern, was

preparing to construct a shed upon the property which includes that portion used as a thoroughfare. Under existing conditions the street is impassable, it is said.

Council's ordinance committee was instructed to prepare the necessary legislation to pay equally from the general and safety funds hospital bill of \$51.80 of Patrolman Clyde McIlvain, victim of a negro gunman here a year ago. The bill was payment of rent for a private room at the East Liverpool institution, the remainder of the cost being borne by the state industrial commission.

Failure on the part of the George Cutter company of South Bend, Ind., to furnish the Westinghouse Electric company of Pittsburgh with certain parts is holding up completion of Wellsville's white way, it was announced to council. The Buckeye Power company can not complete the wiring of the system until the Cutter company forwards the new tops for the standards. The ones sent to Wellsville with the standards are incomplete, it is said.

A petition signed by a number of residents in the vicinity of Thirtieth street and Anderson avenue seeking relief from the darkened condition of the street caused by removal of a light from that intersection, was presented also to council.

It was announced that the light had been moved two squares from that intersection into Commerce street, whereas the recommendation of the light committee, upon which an ordinance was recently adopted, changing a number of lights here authorized its removal but one square east of its present location. The question was referred to the service director for correction.

#### Mullex Funeral.

Funeral services for the late Mrs. Harriet Mullex, aged 72 years, who died at the home of her daughter, Mrs. William Hyatt in Tenth street Tuesday, will be held at the late home Wednesday evening. The body will be conveyed to Cottageville, W. Va., Thursday morning where interment will be made.

Woolweaver, James A. Forbes, Fred A. Musser, Thomas A. Scheets and William McSweeney. The directors will meet within the next ten days to organize. According to the report of the secretary a total of \$613.87 is in the chamber treasury.

**Unclaimed Mail**  
L. A. Allen, M. E. Baxter, Ernest Baker, Clarence Mark, P. C. Irvine, Mrs. J. C. Kelly, Pearl Ross, Miss O. K. Reith, Rankin's Garage, Secretary of the Band Trust company, Miss Edna Landsall, William K. Thompson, Miss Nell Vogelsang and Acil Wilkinson are the names on the unclaimed mail list at the local postoffice.

**Floto Funeral.**  
Funeral services for the late Mrs. Carl Floto will be held from the home in Third street Thursday afternoon at 2 o'clock. Rev. Howard G. Wilkinson, pastor of the First Presbyterian church, will officiate. Interment will be made in Spring Hill cemetery.

### DICK HOWELL NOT CAPTURED

Detective Anthony Skotnicky, who was shot Saturday night by Dick Howell in Canton after the latter had been put under arrest, remains in a serious condition at the Mercy hospital there, it was reported Wednesday.

A dragnet has been spread out for Howell whose deeds in the Ohio valley are familiar to police authorities in many cities, which is expected to result in his capture. Last Monday it was reported to Canton authorities Howell with three suspected accomplices two of them women, and the third, a man by the name of Clark, had fled to Beach City, southwest of Canton. Citizens of that place, recognizing Howell's picture printed in Canton newspapers, notified the police there. Before the authorities could reach the place the four had disappeared in an automobile, going toward Canal Dover.

Three weeks ago, two men and two women, presumably the same party, it is claimed, rented one of the most pretentious residences in Beach City, with no question as to the rental price. When they took possession, they stated they would remain until April. Many strange occurrences were reported at the house there after. The blinds were always down, it is said, and an automobile always went from the garage and returned at night laden with boxes it is alleged.

When the citizens of the town were notified of the attempted killing of Detective Skotnicky, a posse, headed by the mayor, raided the house, but the inmates had fled leaving behind them a stolen automobile, it is claimed.

### DR. McMILLAN ATTENDS MEET AT COLUMBUS

## "HARDING FOR PRESIDENT" CLUB.

Despite the fact that United States Senator Warren G. Harding, of Marion, has not announced his candidacy for the Republican presidential nomination in 1920, Ohio is determined to make his endorsement for the honor so wide-spread that he will consent to the use of his name.

"Harding for President" clubs are springing into existence in all sections of the state. Almost a score of Buckeye counties have endorsed him for the senate and presidency during the past week. Among the counties pledging unanimous support to the Ohio senator are Shelby, Miami, Putnam, Adams, Lorain, Clinton, Belmont, Logan, Defiance, Henry, Clark, Athens, Licking, Mahoning, Trumbull and Harding.

Sentiment among Columbiana county Republicans is overwhelmingly in favor of Senator Harding for the presidential nomination. As yet no meeting to consider any candidacy has been called but it is a safe wager that the Marion man will receive a unanimous endorsement in this district if he enters the race.

Although unsolicited, the people of the state are rallying to the support of Senator Harding as they have not done for a favorite son since McKinley's time. Men prominent in the party from all parts of Ohio and many from other states have pledged their support to him.

The pressure brought to bear from other sections of the country is expected to force Senator Harding to enter the presidential contest, for news from Washington indicates that his strength is gaining in the national capital.

Republicans everywhere are looking toward Ohio, for it is believed that the Buckeye state will bring forth the candidate which will mean the redemption of not only Ohio, but other states which have been in the Democratic column in presidential years of late. And Senator Harding, all agree, is the safe and sane candidate.

## INVASION FROM MEXICO.

So much news-that-isn't-so comes from Mexico that a wary editor fears to give new Mexican stories credence, even though they are issued from some other source than El Paso. When they are vouched for, however, by a United States senator, they call for more serious consideration.

Senator Watson of Indiana, in a recent address at Indianapolis, is quoted as saying that Carranza is preparing to turn over his government to the revolutionists, who have a Soviet organization, and who plan to invade the United States and establish a Soviet government in this country, "in the state of Colorado, if possible."

This is decidedly interesting. And perhaps the first emotion that will rise up in the hearts of most Americans as they read it will be a hope that it is true.

If the Mexicans would only invade this country, they would contribute much to the simplified settlement of a complicated problem. The United States would have a perfectly good, patent reason for taking Mexico in hand. The invading party, of course, would last about as long as the proverbial snowball in hades. And it would be all the better if the invaders came as Greaser Reds, to establish the blessings of Leninism in our benighted land.

Uncle Sam could dispose of Bolshevism and Greaserism in one swoop, then proceed to install an orderly government in Mexico and make our southern border somewhere near as peaceful as our northern.

## SAVING BY SPENDING.

"Try as hard as we can, we just don't seem to be able to save a thing!" is the wail of many a young married couple, of many a young business man or woman of today. When the figures are set down, they make a good case for themselves, too.

Stocks of clothing or house-cottons or what not, allowed to get low during the war, have reached the point where they must be replenished. Doctor bills have a way of being unprovided for. Prices are high, wages in many cases entirely inadequate.

But have these young people ever tried spending for the right thing?

In only too many cases this is the key to their difficulties.

There are, broadly speaking, two temperaments in regard to the handling of money—the saving temperament and the spending temperament. The saver will always manage to save a little no matter how small his earning or income may be. Oftentimes he loses golden opportunities because they involve spending too much for his vision, but that is another story.

The spender always spends. No matter how small or large the income, his tendency is to use it up. Things interest him more than money. A bank balance is too abstract for his concrete mind.

The solution, then, is not to try to make over one's whole constitution, but to make use of this concrete turn of thought. If the spender will set his mind upon some object of permanency, a building lot, a few shares of conservative stock, he will find that he can make the necessary payments without being deprived of any of the other things he really needs. Clothes have a way of lasting a little longer when there is a land payment to meet. The joy of drawing wild and absolutely impractical house plans has a way of making the theatre seem tame.

In time of stress the bit of property can be used to raise money. Ownership gives people a safe-and-solid feeling. It frees them from anxiety and thus increases earning-power. It has a steady-tendency upon other expenditure.

"The waste heat from an automobile engine would keep a house warm," says a motor expert. Now, there's an idea—if this coal strike continues, just run the little old car into the house and start the engine.

## NEW YORK LETTER

By O. O. McINTYRE

NEW YORK, Dec. 3.—Old Maid's Alley—a region of hurrying feminine figures—is in Morningside Heights, a strange No Man's Land that sprang up for no apparent reason whatever. It is 118th street that has won this nomenclature. It is a street where Ph. D.'s flourish as reckless as kitchenettes and horn rimmed glasses.

In the shadows of Columbus it is a neighborhood of women, school teachers, college professors, who rent rooms to students and a little group of writers, actresses doctors and social workers who could give Greenwich Village quite a run for its notoriety were it not for the fateful name of "Old Maid's Alley."

That name trailed its glory in the dust of derision before it was fairly unfurled. A letter was received at the postoffice bearing the jocose inscription: "Miss Mary —, Old Maid's Row, New York." And the clerk, without hesitating, picked up a pencil and wrote "Try 118th street." At first it was a joke but now the residents are sensitive about it.

It is a thickly populated section—If you count women as population. Every hall room has its tenant and even the kitchens have the gas range and set tubs taken out and the scars covered with cretonne to make a habitation for one more impecunious candidate for a Master's degree and for one more voter.

A barber shop started up in the community and died in ten days without a gurgle. The proprietor went down and had himself examined to see if he was functioning properly mentally. There is not a bootblack in the neighborhood either. The women who live there are thinkers—you can tell that by their serious expressions and the mannish clothes they wear.

Ad they always have dictionaries and other ponderous tomes under their arms. And oh yes, not to be catty my dears but the tobacco merchant in the neighborhood told me he did a flourishing business in cigarettes.

There is a blind man who loves the squinting white lights of Broadway. He sells papers in the heart of them, on Times Square. He takes his place, in the vestibule of a large building when the theaters are giving up their thousands.

He sells the early editions of the morning papers, and remains there while the crowd thins out and until only a few people are in the street. He says that he knows when the lights are dimmed, not by the coolness of the morning air, but by the—by the—he couldn't just say. He knows Broadway with feeling eyes.

He says he couldn't live elsewhere, that the lights lure him. He was blind before he came to Broadway, he said, but had seen considerable since. He has seen, he cited, girls whom he knows have dyed faces give 25 cents for a paper. Young men in trick collars and shirts and belted suits read him the news. Young women out of engagement bring him boxes of candy. Some sing him the latest songs. He said there was only one thing he couldn't see. And that was the hackneyed phrase that Broadway was a wicked highway.

In the menus of such hotels as the St. Regis, Ritz and a half dozen others of the same ilk is the line, "Corkage \$1." It had to be, the hotel men say. People were flocking in with silver flasks and even small grips with cocktail ingredients, making their drinks, and merely tipping the waiter, while the hotel paid for the ice, glasses, service, music, etc., and got nothing. All sorts of men and women are to be seen with their flasks on the table during the dinner hour in the large hotels. People do not pay any attention to it any more.

## Every Other Person Has Seborrhea

Nearly everyone suffers from the scourge of seborrhea.

But there is no need for people longer to have dandruff and falling hair.

Famo stops seborrhea and ends falling hair and itchy scalp.

It destroys the seborrhea germ by penetrating to the hair glands.

A healthy scalp results and vigorous new hair grows.

Famo contains no alcohol to dry the scalp and cause grayness.

It is sold on a positive money-back basis. If you are not satisfied with the results of the large bottle which costs One Dollar, your money will be returned.

There is also a small bottle of Famo at 35 cents. Famo is sold at all toilet goods counters and applications may be had at the better barber shops.

Seborrhea is a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean excretion forms in scales and flakes and is commonly known as dandruff.

**NEW DISCOVERY FOR ECZEMA**

Doctors Having Great Success With Amolox.

This remarkable letter, coming from a prominent physician engaged in active practice for over 50 years, proves the merit of this wonderful new remedy.

I have used Amolox in four different cases of chronic skin diseases, with excellent results. All showed marked improvement from the start. Two apparently are cured, the skin being free from scales and redness, and perfectly normal.

I consider Amolox a Remedy of rare merit. I know nothing in the modern text-books that equals it in therapeutic value.

Very truly yours,  
C. R. JUSTICE, M. D.

Amolox Ointment alone will quickly banish pimples, blackheads and take out all redness of the skin and cure most forms of skin disease. Bad chronic cases of Eczema, Psoriasis, Tetter, that have lasted for years, yield more quickly when both ointment and liquid are used. Trial size 50c. Herche's Drug Store guarantees Amolox, and will refund the money if it fails to give satisfaction.

**Mrs. Cuning Hostess.**

Mrs. Willis Cuning, West Fourth street, entertained the 12 members of the Five Hundred club at her home Wednesday afternoon. Three tables were in use. The hostess served a turkey dinner at 6 o'clock. She was assisted by her sister-in-law, Mrs. W. H. Burgess.

**Baraca Class Entertains.**

The men of the Baraca class of the First Baptist Sunday school entertained the ladies of the Philathea class at a banquet in the church parlors Tuesday evening. Covers were laid for 60 guests at the repast which was served by the social committee composed of W. S. Lones, Willard Bowman, A. G. Ellis and members of the class.

At the conclusion of the banquet the following program was given:  
Selection—Sunday school orchestra.  
Vocal Solo—Willard Bowman, accompanied by Mrs. A. G. Ellis.  
Vocal Duet—Miss Ruby Alew and Mrs. A. G. Ellis, piano accompaniment by Mrs. Norton.  
Reading—Mrs. W. S. Lones.  
Vocal solo—Mrs. A. G. Ellis, violin accompaniment, Mr. A. G. Ellis, piano accompaniment, Mrs. Norton.  
Reading—Mrs. Norton.  
Address—Rev. W. G. James, pastor of the church.

**Entertained Aid Society.**

Thirty members of the Ladies' Aid society of the Sheridan Avenue Methodist Episcopal church were entertained at the home of Mrs. D. R. Smith, Chestnut street, Tuesday evening. The program consisted of Victrola music and readings by Miss Dolores DeHaven, Wilma Smith and Miss Audrey DeHaven, and selections by a quartet composed of members of the society.

During the business session plans were discussed for the oyster supper to be held in the church Dec. 11.

The hostess, assisted by Mrs. Arthur Beshler, served refreshments.

More than 100 members of the Knights of Columbus lodge were entertained at the smoker held in the club rooms in the Fowler building, Tuesday evening, complimentary to the new members initiated into the K. of C. lodge last Sunday.

A program, arranged by Lecturer M. J. Finlay, added to the entertainment of the guests.

A luncheon was served.

**The Best Cough Syrup is Home-made.**

Here's an easy way to save \$7, and yet have the best cough remedy you ever tried.

You've probably heard of this well known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, breaks the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

**TRIP TO HOSPITAL AVOIDED FOR THIS COLUMBUS LADY**

Husband declares he is glad to publish account of wife's recovery to help others who suffer.

Back was sore and swollen; in bed one month when she started taking Dreco, now up and about the house.

"My wife was confined to her bed for a solid month nearly helpless, and thought an operation would be necessary, but instead she took Dreco, and is now going about attending to the household work," are the words in a signed statement for publication, made by Mr. J. W. Bellamy of 339 East Ennis Ave., Columbus, O.

"Stomach trouble caused her great suffering; gastritis made life miserable; she was nervous; so restless could not sleep; appetite was poor, often did not go to the table at meal times, her kidneys caused her back and side to swell up and finally had to go to bed. Several told me the place for her was a hospital for an operation, but I was afraid she could not stand it. Reading in the paper about Dreco, I got a bottle. Remember, before she started on Dreco she had been in bed a month and was nearly helpless."

"Today my wife is out of bed and going all over the place; hungry all the time; all the swelling gone from her back and side; not troubled now with the gas or indigestion; sleeps sound all night long, and her liver has been thoroughly cleansed, doing away with that drowsy feeling. She thinks Dreco the grandest thing in the world, and so do I."

Dreco acts on the liver, gives strength to weak kidneys, produces a good appetite, induces sound sleep, quiets the nerves and restores the functions of the vital organs. All good druggists now sell Dreco, and it is highly recommended in this city by

ITS FINE TO  
FEEL GOOD AGAIN

OVERWORKED PAPERHANGER SAYS CHASCO-VIN CERTAINLY WORKS WONDERS.

"I sure feel grateful to the drug clerk who recommended Chasco-Vin to me. It fixed my stomach and I'm better all around since taking the first few doses.

Before that I was troubled with bad blood, my stomach was always upset and I was breaking out in pimples. That's all gone now and Chasco-Vin did it. My word to anyone who is run-down or ailing is to get a bottle of Chasco-Vin good and quick," said M. Darran, 2619 Artie avenue.

Chasco-Vin is an old compound of Hypophosphites, Iron and the tasteless extracts of fresh Cod Livers. It is just the kind of tonic that reaches the spot.

In East Liverpool there are only two Chasco-Vin selling agencies, Flicks Pharmacy, Fifth and Market streets, in East End, Carnahan's Pharmacy,

## "The Store of a Thousand and One Gifts"

This time last year you knew as well as we did that merchandise would be a great deal higher this year. Therefore, we began a year ago to lay our plans for this glorious Xmas, and we are told almost every day that we did it in a most intelligently way. This is the plan we used—First, by instructing our buyers; Second, by securing the right merchandise; Third, by having the merchandise shipped early; Fourth, and best of all, We are now able to sell you merchandise for a

great deal less than if we had waited the usual time to make our Xmas purchases—All in all we can say with ease that this store is the Greatest Gift Store of all stores in East Liverpool. Three floors bubbling over with "Xmas Gifts". The easiest place in town to shop in, so everybody says. "Come and make yourselves at Home" is this store's slogan.

## VISIT "TOYLAND" THE LAND OF JOY

## COAL SHORTAGE TO HIT PLANTS

The coal situation in Chester grows more acute each day that the miner's strike continues. This fact was brought out in statements from various manufacturers, Wednesday morning when questioned regarding their present stocks of coal.

Notwithstanding the fact that the stocks of manufacturers are slowly dwindling each day it will be but very few days until operations are affected in the industrial plants.

While T. R. Timothy, general manager of the Chester works of the American Sheet & Tin Plate company refused to make any statement Wednesday, it was learned that the mill has a big supply on hand and even though no further shipments are received, operations can be continued for several weeks yet. No coal shipments has been received at the mill since the strike started.

The potteries will be affected in certain departments in bitter weather. Neither of the two local plants use coal to any great extent, gas being used for firing kilns. No effort will be made to fire the kilns this winter with coal and when the gas supply is cut off, operations must cease.

But little coal is used at the plant of the Chester Cord Tire corporation. Its operators announced Wednesday, its plant can continue to operate for some weeks in spite of the strike, although no further shipments by rail are coming in or can be expected during the present emergency. The plant employs approximately 75 men.

## BEAVER COUNTY SELLS ROAD BUILDING BONDS

Road improvement bonds totaling \$975,000 to be used in the improvement of several thoroughfares in Beaver county, one of which is the Georgetown road, were sold this week by the Beaver county commissioners to J. M. Parsons & Co., of Philadelphia, Pa. The lowest bid, that of the Parsons concern, was \$15,892.30.

The other bidders for the bonds were the following: Biddle and Henry, who offered \$12,967.50; Mellon National Bank, Pittsburgh, who bid \$12,275.25; and Union Trust company, Pittsburgh, bidding \$5,427.00.

Contractor Visitor Here.

Veterans Plan New Year's Ball.  
Members of Jesse Burge Post, No. 222, Veterans of Foreign Wars, will hold a dance in the I. O. O. F. K. of P. hall, corner Fifth street and Carroll avenue, on December 31, New Year's eve, according to an announcement which has just been made. This dance will be the second of a series to be given here this winter under the auspices of the post. The dance program will start at 9 o'clock and continue until 1 o'clock, the affair being a New Year's ball.

## BANQUET WILL OPEN SERIES OF STUDIES

The first meeting of a series of studies on "American Christianization" will be held at the First Presbyterian church at 7 o'clock, Wednesday evening. The initial affair will take the form of a social and banquet to be served under the auspices of the Women's Missionary society.

The proposed course of study will continue for a period of four weeks. The first meeting will be held in the church parlors. The study after this meeting will take place at the usual mid-week prayer meetings on Wednesday evening.

The object of the study will be to learn the needs of foreign-born people who come to the United States and are influenced by radicals who plot against the government.

No Delegate to State Meet.  
Hancock county will have no delegate in attendance at the meeting of the Near East Relief committee, which convenes at Charleston Thursday. Rev. Cromer, who is chairman of the Hancock county delegation, has written to Gov. Cornell, expressing his regret at not being able to attend the meeting.

## FIX STOMACH RIGHT UP

"Pape's Diapepsin" at once ends Indigestion, Gases, Sourness, Acidity

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion, pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapepsin as an antacid. They know that indigestion and disordered stomach are so needless. The relief comes quickly, no disappointment, and they cost so little too.

## SENATOR'S CAMPAIGN MANAGER INDICTED

John H. King of Detroit, who was manager of the Newberry campaign committee last year, has been indicted by a federal grand jury in Grand Rapids, charged with corruption, fraud and conspiracy in connection with the election by which Mr. Newberry obtained a seat in the United States senate. Judge Sessions, in whose court the indictments were found, indicated that the evidence before the grand jury disclosed the fraudulent expenditure of \$500,000 and \$1,000,000 during the campaign.

## XMAS PACKAGES ARE BEING MAILED NOW

Christmas packages, bearing the instructions, "Not to be opened 'till Christmas'" are already beginning to pass through the Chester postoffice. Postmaster W. B. Stewart announced Wednesday morning.

As a result of the advice of postal authorities, "Mail your Christmas packages early," already quite a number of packages have been sent out and received at the local postoffice. The government employees are conducting the usual campaign this year to urge upon the public to mail their Christmas parcels early in order to insure their delivery before the holiday. In case of late mailing, many parcels are likely not to be delivered for several days after Christmas.

Chester merchants are also asking the people to "do their Christmas shopping early" in order to avoid the rush which usually comes during the last few days. It is likely that many local stores handling holiday goods will be open during the evenings for three or four days preceding Christmas.

## GETTING "HEP" TO THE GOOD EATS

A Host of Dyspeptics Can Get Back to the Old Days of Freedom by the Simple Expedient of a Stuart's Dyspepsia Tablet After Meals.

"Gosh! I never knew before how good these little pork sausages were." Thus says the man who though his stomach was gone for all time but tried the simple expedient of a Stuart's Dyspepsia Tablet after eating. And with this for a starter, he goes in for a cheese sandwich, a piece of hot mince pie, cuts ham and eggs—in fact he forgets his stomach and thinks only of the energy and good feeling that follow eating the foods that make most people ravenously hungry even to think of them. And all of this without sour risings, no gas, no belching and none of that drowsy heaviness that so often follows indigestion. Try these tablets after eating. They are used extensively wherever good eaters are found and are on sale almost everywhere in the United States and Canada.

## HEALTHY, ROBUST PEOPLE POPULAR EVERYWHERE

Good Health Creates an Attractive, Magnetic Personality and Wins Admiration.

Healthy People Are the Happiest.

Pepto-Mangan Has Put Thousands into the Healthy, Full-Blooded Class.

How the red-blooded, energetic, and attractive man or woman is envied by those who feel that it will always be their unfortunate lot to be thin, pale and weak-bodied!

And yet why continue to envy men and women who possess a vigorous, healthy physical condition and an attractive, magnetic personality? Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor and strength to every part of the body.

Physicians introduced Gude's Pepto-Mangan to the public because they knew that it contained the very properties that are so sorely needed to build up thin, watery blood. For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's." And be sure the name "Gude's" is on the package.

## Why So Many Americans Are Physical Wrecks at 50--

Physician Explains How Signs of Age Creep Into Your System When The Iron In Your Blood Runs Low—Says: Weak, Nervous, Run-Down People Should Take Nuxated Iron To Steady the Nerves, Restore Wasted Tissue and Aid in Giving Renewed Force and Power to the Body.

Are you slipping at 50?

Can you actually stand what you could twenty years ago when your strength and energy are put to the test? Or do you merely THINK you are "just as good?" Is your heart pumping pure red blood—rich in iron—through your veins? Or is it merely a passage for thin, pale, watery blood without enough red corpuscles to keep your body strong and well?

These are the questions put by Dr. H. B. Vail, formerly Physician in the Baltimore Hospital and a Medical Examiner, who contends that a man's age can no longer be measured by the number of his years but by the condition of his blood. Dr. Vail believes that the greatest problem of modern life is to ward off the tragedy of middle age, which begins to show its signs the moment the iron in the blood runs low.

Continuing, Dr. Vail says: "There are thousands whose bodies are aging and breaking down at a time when they should be enjoying that perfect bodily health which craves defiance to disease simply because they are not awake to the condition of their blood. By allowing it to remain thin, pale and watery they are not giving the natural life force of the body a chance to do their work. Yet others go through life apparently possessing, year after year, the elasticity, the strength and the energy of earlier days, for through their bodies courses the energy and power that comes from plenty of red blood—filled with strength-giving iron. Iron is red blood food and in my experience I have found no better means for building up the red blood corpuscles and helping to give increased power to the blood than organic iron—Nuxated Iron—which I have prescribed with surprising success for my patients who are approaching middle life."

Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of the City of New York, says: "It is surprising how many people who do not get along in life are in reality suffering from iron deficiency and do not know it. To supply this lack of iron and help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that physicians should, at every opportunity, prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended above by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the other iron compounds it is easily assimilated and does not cause indigestion and constipation results in every person or they will refuse to accept it. It is dispensed by all good druggists.

Sold in this city by Hodson Drug Co., Josse D. Holloway and all good druggists.

Does Middle Age Find You Standing On The Precipice Of Uncertainty—Your Blood Starving For Want of Iron?

THE FUTURE

ARE YOU SINKING AT MIDDLE AGE?

Blinded by the belief that he is still "just as good as ever," many a man reaches that point of life between 40 and 50 where the future looks bright and assured only to find that the grim relentless force of middle age has undermined his health and energy. In the rush and pace of modern day life he has neglected to keep his blood filled with strength-giving iron, and as a result is on the verge of a physical and nervous breakdown, at a time when he should be enjoying his best years.

Physicians explain here why such men need the sustaining health-building power of organic iron—Nuxated Iron—to help make rich red blood, restore wasted tissue and increase their physical strength and endurance.

## Educate the Children

Out of the play toys of childhood have come many of the world's greatest creations. The instinct of playing, in a child, is a God-given asset—the means by which the youthful mind develops power to think along original lines. The lad with his set of cars and the girl with her doll ne'er cease to think out new ways and means of using the thing with which to play.

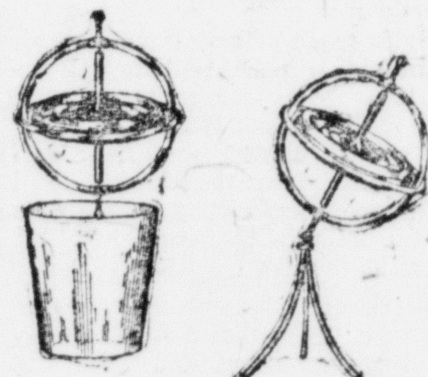

A bridge is built; a new idea occurs—down comes the first to build the better one. And so it goes, with the girl and her set of dishes, the babe and it's rattle, the lad and maid of every age—toys educate them. Educate them in a way that prepares them wonderfully for the days of concentrated study that are to follow. Educate them to think originally. It is this original thinking that creates the things the world awaits.

See that your child has toys to play with—sensible toys that develop the mind. Don't stifle playing—guide it, study it, encourage it to the limit.

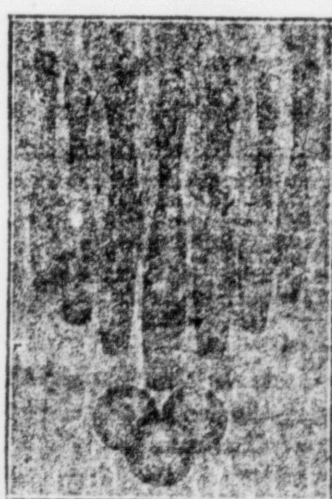

America has at last come into her own. In the manufacture of these essentials for childhood education she stands as leader. As proof of this, part of our first floor is filled to the brim with American-made Toys that fulfill every dream of childhood's fancy. Hundreds upon hundreds of kinds, styles and qualities for children of all ages. From the rattle to the wonders of mechanically operated machines. All the marvels for little house-keepers. They are all here and invite your early inspection and choice. The demand is great—the assortments fast diminishing. BUY EARLY. BUY NOW.

## CANDIDATES FOR COUNTY JOBS GETTING BUSY

Already prospective candidates for office in Hancock are beginning in to feel out the situation. Next year West Virginia counties will name practically a full roster of officials from sheriffs down to constables. Circuit Court clerks will also be elected next year, so that the tickets will be very long at the primary.

This week Republicans added another candidate to their list for governor, Morris P. Shawkey, state superintendent of Schools. Mr. Fred P. Grosscutt, who was in Weirton last week looking over the situation, has made formal announcement of his candidacy. The others who have announced their candidacy for Governor are Judge E. F. Morgan of Fairmont and Hon. Samuel B. Montgomery of Kingwood. No doubt other announcements will be made later. It looks as if lively times will be with us politically for the next few months.

## WHEELING GOES WILD OVER "MAYTIME"

"Maytime," the musical comedy success, which comes to the Ceramic theater Wednesday evening, following long runs in New York and Chicago, scored a big hit in Wheeling Friday and Saturday, according to the Wheeling Register, which says:

"Maytime," the new operetta of unusual strength and flavor, began a three-performance engagement at the Court theatre last night with a reception that showed no diminution in the popularity with which it was received throughout the east. This play is a gripping one, insofar as most of the scenes are masterpieces of beauty characteristic of its title, blending with rare sympathy, the tenderness of young love and the lifelong pathos of its blighting. Quite unlike the usual conventional musical comedy, "Maytime" can be termed a dramatic narrative with music—and without a doubt one of the most beautiful things the Court theatre has offered its patrons. It surprised New York and the other big cities with its marked simplicity and general atmosphere that only harmonized with the spirit of its outlookers. A picture of refinement with a background of philosophic sadness, brimming at times with pathos, "Maytime" leaves its print everlasting upon all."

## A Menace!

TUBERCULOSIS menaces your community.

It menaces your very home

Yes, it menaces YOU.

TUBERCULOSIS killed 150,000 Americans last year and just as surely it will kill 150,000 this year.

YOU cannot put it aside as an unpleasant fact, but you can help PREVENT it.

## Boss Hot Blast Heater For Soft Coal, Hard Coal or Wood

The Boss is a real fuel saver and will pay for itself in short time.

It will heat uniformly day and night and will hold fire for 24 hours.

Body is made of extra heavy stove steel of highly polished blue appearance. Fire bowl is extra heavy and deeper than on most Hot Blasts. Cast lining over fire bowl is made in sections which prevents warping and pulling away from body of stove, a common fault with most one-piece linings.

Grate is extra heavy of draw center pattern, the best and quickest way to shake down ashes and take out clinkers.

All joints ground air tight, assuring perfect control of fire at all time.

Carried in all sizes with or without front feed door.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

## Harmony in Home "Music Hath Charms"

Kings gave their court musicians their gala nights at the opera. The peasants have their crude instruments and their folk dances. The old find solace in the lulling strains of music and the little ones manifest their love for music with an old comb and a piece of tissue paper. Even the birds make life more joyful with their gladsome tones and trills.

No longer is the finer music the talents of the most costly artists confined to the wealthy at from \$3.00 to \$20.00 per seat. No longer is it necessary for you to go to the great metropolitan centers to hear Caruso, Farrar, Bayes, Jolson, Elman, Gluck, Garden, Melba and the great entertainers of the day. They come right into your home if you get one of these fine talking machines.

Everyone loves music and good entertainment. Why then wouldn't one of these beautiful Ceramiphones be a capital Christmas present for your home? On easy payment if you desire.

## "COUNTRY FAIR AND BAZAAR" HERE DEC. 23

Clark lodge No. 447, I. O. O. F., is completing arrangements for a "Country Fair and Bazaar" which will be held in the Aaron building, corner Fifth and Washington streets, Tuesday and Wednesday evening, Dec. 23 and 24.

The affair will be one of the most unique functions ever staged in Newell. Booths will be erected, at which there will be various articles offered for sale. All of the booths with one exception, that operated by the Sisters of Rebekah, will be conducted by Odd Fellows. No outside interests will be permitted to conduct money-making devices, the proceeds of the affair to go to the lodge entirely.

A beauty contest, to which any girl in the vicinity will be eligible to enter, opens Wednesday, the winner to be announced on the closing night of the fair. For each five-cent purchase of Tim Robinson's news stand, Rush's grocery, Stewart's drug store, the Woodbury confectionery or the Davis grocery, one vote will be allowed. Boxes, where the votes can be cast, will be placed at each of the business houses taking part in the contest. The winner will receive a \$10 box of candy.

Turkeys, chickens and ducks will be raffled off at the fair. There will be "turkey shoots" and other ways of winning a bird for the Christmas dinner. Various Christmas articles will also be offered for sale at the booths.

## REPORT SALE OF THRIFT STAMPS HERE

One of the largest weekly savings of Newell school children since school opened for the present time is shown in the report of Superintendent of Schools A. D. Osborne for the present week. A total of \$17.24 worth of thrift stamps were purchased by the students in the local schools on Monday.

The fifth grade captured the honors in the sales this week, while the second grade, which has been a leader for several weeks, was forced into second place. The sales by the pupils in the fifth grade amounted to \$8.73, over one-half of the total for the entire school. The sales in the second grade was \$4.

The sales by rooms follows: High school, \$2; sixth grade, 25 cents; fifth grade, \$8.73; fourth grade, 75 cents; third grade, \$1.50; second grade, \$4.

## 15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Duni's Hens Increased Every Day. Plan is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day." John Duni, Box 102, Cherry Valley, Pa. Mr. Duni started giving his hens Don Sung in January, in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Burger Co., 284 Columbia Bldg., Indianapolis, Ind.

The new kiln is being built directly back of the main office building on the south side of the warehouse.

## Mid-Week Prayer.

Regular mid-week prayer meeting will be held at the First Presbyterian church at 7:30 o'clock Wednesday evening. Class meeting will be held at the parsonage on Thursday evening at the usual hour.

## ARRANGE PROGRAM FOR PARENT-TEACHER MEET

An interesting program has been arranged for the first meeting for the present school year of the Parent-Teachers' association, to be held at 7:30 o'clock Thursday evening. The meeting will be held in the First Christian church which adjoins the school, the church building having been offered by the congregation as a coal conservation measure to save the heating of the large school building.

Attorney Blaine Cochran will be the principal speaker for the affair. Following his address, there will be a business meeting in which new officers will be elected for the coming year. E. E. Bettridge, president of the association, will have charge of the meeting.

The following program has been completed for the meeting:

Chorus—Sixth, seventh and eighth grade girls.

## Repair Street Railway Tracks.

A force of workmen Tuesday were engaged in repairing a part of the street railway tracks on the Newell line near the corner of Fourth and Monroe streets in East Liverpool. Because of the lateness of the season little, if any, improvements to the tracks will be undertaken this year.

It was announced here Wednesday that the Newell cars would probably make the loop through the Diamond in East Liverpool inside of a week.

## A Wide Margin of Safety

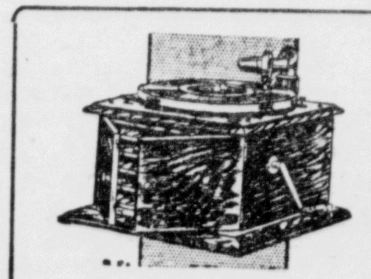

A MAN about to hire a chauffeur asked each applicant how near he could drive to the edge of a precipice.

One said a foot, another said six inches, a third said two inches. But the fourth said, "I keep just as far away from a precipice as I can." He was hired.

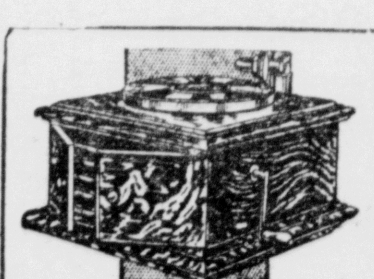

The wise property owner, like the careful chauffeur, prefers a wide margin of safety. He insures his possessions to the limit and then takes every precaution against fire.

Insurance only reduces your fire loss. That is why the Fire Prevention Service of the Hartford Fire Insurance Company is as necessary as insurance. Let us explain this service. It is free to all Hartford policy holders.

Lawrence Allison, East Liverpool contractor, has finished one side of the concrete roadway between the Homer Laughlin and E. M. Knowles China company's plants here. Workmen on Tuesday began pouring cement on the other half of the roadway at the alley crossing between the No. 4 and No. 5 plants of the Homer Laughlin works.

Some grading work is necessary between the railroad tracks before the concrete can be poured on this part of the roadway. The improvement will be completed within the next week or ten days.

BUYRUS, Dec. 2.—Mrs. Lillian Ruth Murphy was granted a divorce from her husband, Michael James Murphy, who is said to have deserted her just 52 days after their marriage at Detroit, Mich., on Dec. 19, 1918. She was restored to her maiden name of Miss Lillian Ruth Barefoot.

## PIMPPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

## PROTEST BILL FOR AUTO TAX

### Car Owners Here to Fight Measure Pending Before Legislature.

Formal protest against the proposed bill placing a graduated tax on automobiles has been filed by the East Liverpool Automobile club with Fred H. Caley, of Cleveland, secretary of the Ohio Automobile Association.

The bill now pending before the Ohio legislature, provides for a new tax on both pleasure cars and motor trucks based upon horsepower, weight and capacity. Automobile clubs throughout the state are unanimous in their opposition to the measure, declaring that it is decidedly unfair to place this additional burden upon the auto owner without first eliminating the personal property tax now being paid on all automobiles operated in the state.

Will T. McNutt, president of the East Liverpool Automobile club, will attend a conference of officials of all automobile clubs affiliated with the Ohio State Automobile association to be held Wednesday in Columbus. Steps to combat the enactment of the proposed bill will be taken at this meeting.

## MAN AND WIFE BOTH BENEFITED BY NERV-WORTH

Mr. and Mrs. Fannin Had Happy Experiences With This Famous Family Tonic and Are Thankful.

The best evidence of this is found in the fact that Mrs. Fannin endorsed Nerv-Worth and consented to publication so that friends and neighbors could profit also:

"I saw Nerv-Worth advertised in the Portsmouth Times and decided to try it. Three years ago I had an operation that left me in a very nervous condition. I have been taking Nerv-Worth for about two years and have found it to be one of the best tonics I have ever used for the nerves and stomach. My husband also used Nerv-Worth and found great relief. We both can truly recommend Nerv-Worth."

"MRS. ETHEL FANNIN,

2117 Gallia St., Portsmouth, O."

Nerv-Worth steadies and strengthens the nerves, whets the appetite, adds flesh, aids digestion, rouses the liver, regulates the bowels, restores restful sleep, banishes sick and nervous headaches and other aches and pains, builds up run-down systems.

C. T. Larkins' drug store, sells Nerv-Worth in East Liverpool.

## ABOUT RHEUMATISM

What Thousands Have Found Gives Relief From This Painful Trouble.

Rheumatism is a constitutional disease, manifesting itself in local aches and pains, inflamed joints and stiff muscles. It cannot be cured by local or external applications. It must have constitutional treatment.

Take a course of the great blood-purifying and tonic medicine, Hood's Sarsaparilla, which corrects the acid condition of the blood on which rheumatism depends, and gives permanent relief. This medicine combines, with excellent laxatives and tonics, what is generally conceded to be the most effective agent in the treatment of this disease. If a cathartic or laxative is needed take Hood's Pills. Purely vegetable.

A few drops of oil in the inhaler will last for days and its pure, soothing, antiseptic, healing air, breathed deep in the air passages of your nose and throat, should keep you free from coughs, colds, influenza and catarrh all winter long. Pleasant to use, takes but a few minutes daily and is guaranteed to satisfy or money back.

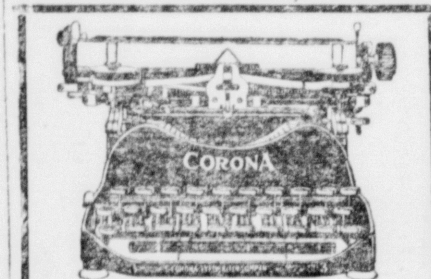

# NEW BOAT LINE ON UPPER OHIO

Another packet line is preparing to enter the upper Ohio river trade. It was announced Wednesday.

The new concern plans to place packets in operation between Pittsburg and Gallipolis. A regular schedule starting Wednesday will be maintained, it is stated.

The name of the new corporation and its permanent headquarters have not been officially announced. Advent of the corporation in the upper Ohio river trade will mark another step in the establishment of the river as a transportation medium.

The Liberty Transit company with headquarters in Wheeling will still remain actively engaged in the packet service. Three vessels are being operated by the pioneer concern. The General Crowder plies between Pittsburg and Charles, W. Va., the General Pershing between Pittsburg and Parkersburg, W. Va., and the General Wood between Pittsburg and Cincinnati.

## OVERSOLD Before We Start

Production and Sales are the two vital requirements for a successful business.

Ordinarily, production comes first and success then depends on the Sales Department.

With the Ohio Motor Vehicle Co., sales came first, for two reasons:

- 1st. Buyers wanted the car we are going to make, and
- 2nd. Our past experience in the automotive field gave them confidence in our ability to produce.

**NOW** the Ability to Produce

You hear of very few new Motor Car Companies, although the demand for new cars is at the highest point in the history of the industry.

Why don't new car companies spring up on all sides? The short answer is, that they can't buy the parts.

The Ohio Trailer Company, which is succeeded by the Ohio Motor Vehicle Company, has been a purchaser in the automobile field for almost eight years. As an old customer of all the essential parts makers, it can continue former contracts and make new ones. Furthermore, it had the foresight to anticipate its needs and is now able to command its raw materials. It had an organization of long standing. This organization was kept intact and grew during the war period. It performed a distinctly vital service for our country's military needs.

How to keep this organization busy after the war was the question that gave the answer: Ferris Motor Cars.

Months before the Armistice was signed, our motor car plans were developed. Our materials were contracted for. Deliveries are now being made. The organization is set for manufacture. And finest of all, our first year's production is all sold and many dealers are already on the waiting list for Ferris Cars.

We need money to pay for materials and labor. To make a thousand or two thousand cars requires cash, and lots of it. We could get this cash from a bank or an investment house on request, but that is not desirable. The better way is to distribute the stock among numerous holders, all interested, all serious as to the soundness of their investment, and all willing to co-operate in making their company a success.

This is our method. And on this method you have an opportunity, for a short time, to purchase Ohio Motor Vehicle Company stock and get an interest in a going organization that has its first year's quota of cars all sold, its materials all contracted for and partly delivered, its organization in smooth order for production, its credit beyond reproach, its personnel acknowledged throughout the motor field, its success and profits assured by the most deliberate planning, and the acceptance of Dealers who have already in fact guaranteed its profits from the start.

Verify these facts if you wish, but to be safe, mail the coupon now and then investigate to the limit.

## SEEK AID FROM STATE ON ROAD OUT OF CITY

Want East Liverpool-Youngstown Highway Designated Market Route.

### COMMISSIONERS' REQUEST

County Representatives Confer with State Highway Department Officials.

Request that the East Liverpool-Youngstown road be designated a main market route to insure state aid in its permanent improvement was filed with the state highway department by Columbiana County Commissioners J. H. Hinchelliffe and John Kerr in Columbus Tuesday.

The East Liverpool-Youngstown road through Calcutta, Clarason and Columbiana is the only highway leading out of East Liverpool that is eligible for state aid. All other inter-county or main market routes diverging from this city have already been provided for and are under contract. If the request of the county commissioners is granted by the state highway officials, the East Liverpool-Youngstown road will receive a large share of state appropriations for road purposes early next year. If the pending tax bill goes into effect, state funds will be materially boosted through the graduated auto tax provided in the measure. This fund is not accumulative and unless provision is made in Columbiana county to demand its share of this appropriation the money will revert into the original fund and be re-distributed.

The county commissioners while in Columbus also requested state aid for the permanent improvement of the East-Liverpool Wellsville road. The thoroughfare is slated for early reconstruction under the new \$2,000,000 road improvement program of the county commissioners, but its designation as a main market route would mean an appropriation from the state that would lessen the drain on the county road fund.

## AT the Theatres

### FLORENCE REED IN FILM AT STRAND

"He thought his wife had been untrue to her marriage vows. He had determined to end her life and was carrying out his designs when a frightened boy burst into the room and sank exhausted on the floor in front of them. The boy saved the woman's life and later she repaid him by finding his real father for him and making a real home for him. Then the boy was the means of bringing happiness to a household that had undergone twelve years of misery. This is only one of the many startling happenings in "Wives of Men," a seven-part photo-drama with Florence Reed being shown at the Strand theatre Wednesday for the last time.

### BRILLIANT MUSICAL COMEDY AT CERAMIC

"Maytime," the brilliant musical success Messrs. Leo and J. J. Shubert are to present at the Ceramic Wednesday, derives its title from the fact that the story of its four acts, or episodes, transpires in the month of May. Not only are all the scenes in that month of blossoms, each act takes place on the 21st day of May. More than three-quarters of a century pass, however, between the day in May which the play opens and that in which it reaches its climax. "Maytime" is an original narrative of inherited affections whereby grandchildren realize the happiness that a blighted romance denied their ancestors two generations before.

"Maytime" as most newspaper readers are aware, had the remarkable run of two years in New York. Its extraordinary vogue with every type of amusement seeker is said to be due primarily to the fact that it is radically different from and vastly superior to any musical entertainment of recent memory. The cast of "Maytime," enlisting more than half a hundred players, includes Yra Jeanne, James R. Marshall, Otis Sheridan, Frances Golden, Diana Palaologos, Philip Heege, Virginia Howells, Chas. E. Verner, Teddy Le Due, Marie Pettis, Lillian Shaffner, Marjorie Davis, Miriam Kurzman, Richard Morgan and a score of others. There is also an attractively youthful chorus and an augmented orchestra.

### IF YOU DO YOUR CHRISTMAS SHOPPING IN THE MORNING

it will give you lots of time to take in a "movie" in the afternoon and enjoy both rest and entertainment. Louis Bennison is at the American in a "MISFIT EARL" tomorrow and Friday afternoons. Bennison's smiles are a sure cure for that tired out feeling.

## VICTOR ARTISTS AT CERAMIC ON MONDAY

Among the eight famous Victor artists who will appear in person at the Ceramic theatre next Monday evening, Dec. 8, is Henry Burr, one of the best known American tenors. Burr has only one grievance, and that is against those who persuaded him to use the name by which he is well known. He began making records fifteen years ago, when the talking machine was still more or less at the toy stage. At that time he was one of the leading singers at the celebrated Church of the Incarnation in New York, a position he had won after nine years' study with John Denis Mehan, one of New York's best teachers. Burr was told that it would hurt his musical reputation to make records under his own name which is Harry McClasky, so he assumed the recording name of Henry Burr, and as Henry Burr he has become famous and is known to all except his personal friends.

## EIGHT-REEL FILM AT THE COLUMBIA

In these days when moving picture super-productions are becoming frequent if not common, and the use of superlatives in their description has reached a point where the English dictionary has been stripped of all its glittering adjectives, it takes a picture of outstanding importance to create a ripple of attention. Such a picture is the Universal Jewel production, "The Right to Happiness," an eight-reel photo drama, now being shown at the Columbia theatre, which has been aptly described as the greatest love story ever told. When Allen Holubar gave the world "The Heart of Humanity," in which radiant Dorothy Phillips assumed the title role, dramatic critics said that the pinnacle of moving picture excellence had been attained, and that no higher accomplishment could be reached. Yet many of these men now come forward with the statement that "The Right to Happiness" is even a greater picture than "The Heart of Humanity."

## "MISFIT EARL" BOOKED AT AMERICAN THEATRE

Thousands of square miles of America know but three seasons: July, August and winter. Those who follow the styles know little of the fight with the seasons which the farmers and ranchers of America's northwest are always called upon to face. Some idea of the fury of midwinter in a tiny western town has been revealed in Louis Bennison's latest Betwood picture, "A Misfit Earl," which is distributed by Goldwyn and will be presented at the American theatre for two days beginning Thursday.

The story opens with Ellen Mortimer on her death bed in this terrible cold. She tells her nephew of his relationship to English royalty. And from this confession the story moves with innumerable thrills to England and back again to the plains of the west. "A Misfit Earl" is a picture of American life that should not be missed.

## SIX WAYS IN WHICH YOU MAY HAVE AN AUTOMOBILE ACCIDENT

You may be a careful driver, but any of the following make an accident possible:

1. The other driver who speeds around a bad corner without warning or signal.
2. The person who, on a rainy, windy day, hides himself behind an umbrella.
3. The person who becomes "rattled" in a tight place in the traffic.
4. The child who runs across the street without stopping to look.
5. The man who steps from behind the car immediately before you.
6. The old person, possibly deaf, who crosses the street without the usual precautions.

Other hazards there are, too. Why not talk with us about an Automobile Accident Insurance Policy which will afford positive protection against theft, pilferage, fire and liability?

## SMOKE PRICES ARE SOARING

Keeping pace with the steadily rising cost of other luxuries, the price of tobacco has suffered another jump in East Liverpool.

One brand of cigarette that formerly retailed for 19 cents a package now sells for 20 cents, while another brand recently selling at 18 cents has jumped to 20 cents.

The once familiar "five centers" in the cigar line are now being sold at eight cents or two for 15 cents. This brand was first raised to seven cents or three for 20 cents. Stogies have not changed materially in price. The best brands are selling at three for ten cents and four for 15 cents.

The raise in the retail price of the American "blends" of cigarettes is made necessary, it was explained Wednesday, to counterbalance an advance of 80 cents a thousand in the wholesale price.

## IF BACK HURTS BEGIN ON SALTS

Flush your Kidneys Occasionally if You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid, which is a sluggish filter or strain only they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so if no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

## Cars of Comfort in ALL Seasons

YOU may laugh at the rains and the snows and the winds—if you have a Chandler Sedan or Coupe. In fair weather or foul there are no more pleasing cars than these two.

Both are of handsome lines and finish, luxuriously upholstered and uncommonly restful in the comfort of their cushions. The Sedan seats seven persons, when the auxiliary chairs are used, and the Coupe seats four.

The highest development of the modern coachmaker's art is seen in these two handsome Chandler closed cars. Yet, mounted on the standard Chandler chassis, distinguished above others for its really marvelous motor, they are most fairly priced.

The Chandler Sedan and Coupe are the selection of discriminating purchasers. May we show you these beautiful cars?

FAST PITTSBURG TEAM BOOKED TO MEET VETERANS

RUDY ODDS ARE COMING SUNDAY

Coached by Mercersburg Academy Star—Hold Victories Over Mullaney's Bellaire Club and the McKeesport Olympics—Held Pitcairn Team.

The Rudy Odds football team, one of the fastest independent clubs in western Pennsylvania, owned and operated by the Rudy Odds Athletic association of North Braddock, Pa., has been signed to meet the Veterans of Foreign Wars at West End park Sunday afternoon, Dec. 7. It was announced by the management of the local team today.

The Rudy Odds eleven is composed entirely of ex-college and high school stars, coached by Raymond of Mercersburg Academy. Raymond also plays a tackle for the team he handles. He is widely known on eastern shores. Snyder, ex-Carlisle Indian star, plays in the backfield, with Nichols of Texas A. & M. at an end.

The Rudy Odds have a victory over the Pitcairn Reynolds club, which in turn held Mullaney's Bellaire club to a 13-0 score. The Rudy Odds have a 10-0 victory over the McKeesport Olympics, independent champions of western Pennsylvania, and is the only team in that section of the state which has held the Pitcairn Quakers to a low score. The Rudy Odds held the Pennsylvania team to a 13-0 score, the Pitcairn team in turn losing to the Canton Bulldogs 12-7.

THE REDLEGS FOOLED WISE OLD CORNELIUS

Here's the way Connie Mack viewed the 1919 pennant chase in the middle of June: "The White Sox, in my opinion, will win the American league pennant," said Connie. "The Chicago players, collectively, are smarter than the Cleveland and Yankees. Cicotte is a wonderful pitcher and will help Kid Gleason to turn the trick as nobody has been able to detect his methods. The Yankees have the best pitching staff and it will not be surprising if they finish ahead of the Cleveland. But I think you'll see the White Sox play the Giants in the next world series for McGraw surely has put together a powerful club."

KILBANE SIGNS FOR SERIES OF BOUTS

CLEVELAND, Dec. 3.—Johnny Kilbane has signed to meet the leading featherweight contenders in a series of three eight round bouts at Jersey City. Benny Valger, Joey Fox and Johnny Dundee will be met providing they make the featherweight limit of 122. Kilbane will meet Dundee at any weight the latter may make.

SPORTING GOSSIP

New York reported recently that Benny Valger, touted by his manager as the real featherweight champion, had signed articles for an 8-round bout in New Jersey with Johnny Kilbane, holder of the featherweight title.

The Eastern story had it that Valger had signed to box Kilbane at 125 pounds, and that Dave Driscoll, who is promoting the bout, is coming to Cleveland next week to close with the champion.

Well, so far as Valger and Driscoll are concerned they can take their articles and amend by striking out the figures "125" and inserting in lieu thereof the figures "122" to follow the proper parliamentary program. And that comes direct from Kilbane himself, who up and says in addition thereto: "Let all these fellows who are claiming they are featherweights make the featherweight poundage, which is 122 pounds, and if some promoter will make what I consider a reasonable offer I'll take them on. I am the champion and will have something to say."

"That goes for Valger or Fox or Brown or any of those heavier fellows who say they are featherweights. Let them make the 122 pounds and I'll take them on."

"As for Lynch, Herman, Moore, Burman or any of those little fellows who think that they are up in the featherweight class they can come in at catchweights and if they do they had better look out."

For the express purpose of informing the fans of this city and Wellsville in regard to the proposed game between the Antlers and the Veterans of Foreign Wars is this article written.

The game was called off last Saturday when it was found that the grounds at Central park, Wellsville, and the weather itself prevented football, that is, real football or anything resembling it. It has been rumored around by some that the Veterans management cancelled the game with the Antlers on the grounds that the Vets were "afraid" of the Wellsville team. And then some had it too, that the Antlers were the cause of the calling off of the engagement, on the same grounds, it is presumed.

The managements of both teams want it understood that neither side was responsible for a cancellation. The fact of the matter is that the game has never been cancelled yet. The contest is still on the schedule of the two teams and will be played providing the weather holds good. The weatherman is about the only one who may be expected to stop it.

Sport fans of the city who can use mature judgment in such matters are unanimous in their opinions that Saturday was no day for a football game at Central park. In college circles of course, games were played. But in such games the patronage is always assured. The number of fans who might have gone to see the Antlers and the Veterans had they played Saturday could have probably been grouped under one umbrella. No citizen, in these parts anyway, is overly enthusiastic about standing in water and mud 22½ deep to watch a football game for two hours. And the respective ability of neither team can be judged correctly, playing under such conditions as the teams would have been compelled to play in Saturday.

A mutual agreement between Coach Knox of the Antlers and the management of the Veterans was responsible for the postponement of the game, which was not cancelled.

FEW CLASSIER BATTERS THAN LOCAL ENTRY

Hi Myers, of Brooklyn, finished seventh among the leading batters in the National League during the season of 1919, according to averages published today. He was preceded on the list by Roush, Hornsby, Gavvy Cravath, Ross Young, of New York, with .311 Heinie Groh of Cincinnati, .310; Milton Stock, St. Louis, .307.

The big leaguer from East Liverpool, according to the figures was farther down in the list really than seventh place, but several who ranked above him, including Cravath, Jim Thorpe A. Bailey, Nick Allen, Turner, Barber, Clarence Mitchell, Max Carey, and Arnold Statz were men who played in less than eighty-five games.

Although the ancient and hard-hitting Cactus Cravath manager of the Phillies, punished the horsehide at a .341 clip in eighty-three games, the National League batting championship for 1919 rightfully goes to Eddie Roush of the Reds.

The official batting averages made public today by President John Heydler show that the fleet and hard-punching Indianan slammed the offerings of the National League slappers for a grand average of .321 and piled up that average over a stretch of 133 games, or more than half again as many games as Cravath took part in.

Roush's batting has been the talk of Cincinnati fans ever since his sec-

Federal League star came to the Reds from the Giants. In 1917, his second year with Cincinnati Roush supplanted Hal Chase as the premier batsman of the senior circuit, hitting .341 in 125 games, and his winning of the title this year marks the second time he has grabbed the honors in three seasons. Roush ran an exciting race for the batting championship this year with Rogers Hornsby, of the Cardinals. At the close of the season unofficial averages showed the rivals to be but several points apart and there was doubt as to who had really won the championship. But the publishing of the official averages today gives Roush the honor by a margin of three points, as Hornsby is credited with .318 in 138 games.

The averages show that there were sixteen batsmen in the National circuit who bludgeoned their way into the select set this season. Half of them however, played in comparatively few games, which leaves but eight real sluggers in the 300 class, either a dearth of good hitters or an overstock of good pitchers prevails in the National League.

The second-place New York Giants finished on top of the heap in club batting just as it was predicted they would do when the season opened, winding up with a team average of .269, against .263 hung up by the Champion Reds. The Brooklyn Dodgers batted even with the Reds, tying them for second place in club batting, and the Chicago Cubs were third with .256.

HERMAN OUTPOINTED

BAYONNE, N. J., Dec. 3.—Kid Herman, of Pekin, Illinois, has a black mark on his slate today, put there by Charley Beecher, of New York, who outpointed him in an eight-round bout. Beecher was the aggressor all the way and easily won the popular decision.

How Much Tobacco Will My Heart Stand?

A Question Vital to Every Man Who Smokes or Chews.

It May Cost a Precious Life to Find Out By Experiment.

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins he lives; when it loses he dies, but before the final victory of nicotine you pass through many stages of decline and decay and suffer many pangs. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but there is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may not lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find how much tobacco your heart will stand without serious results.

But the thought of quitting is unpleasant to most men—even to those who know that tobacco injures them—and to really quit takes more will

BOXING HOLDS INTEREST NOW

By JACK VEIOCK

NEW YORK, Dec. 3.—With four fistie champions scheduled to swing into action within a week, boxing has today crowded all other sports from the spotlight.

Three bouts of unusual interest are carded, beginning with the 20-round battle between Georges Carpentier and Beckett tomorrow night in the Holborn stadium, London.

On Saturday night Jimmy Wilde, the diminutive flyweight champion, will make his initial bow before an American fistie crowd at Milwaukee, where he is to meet Jack Sharkey, a product of New York's "West Side" in a ten-round bout.

Next Wednesday night at Jersey City Benny Leonard will defend the lightweight title against Mel Coogan, of Brooklyn. This bout has been postponed twice on account of a severe cold contracted by the champion.

Interest in the Carpentier-Beckett bout is at fever heat in boxing circles everywhere. Not only will the heavyweight championship of Europe be at stake, but the winner will earn the right to meet Jack Dempsey in a bout for the world's championship.

SCRIBES, CLERKS ARE CONFIDENT

Both Sides Sure of Victory In Meet at "Y" Friday—Classy Program Is Arranged Including Swimming and Gym Events.

Already are the clerks and their opponents, the newspaper men and printers, beginning to count up their points. And at each counting the clerks are more sure of victory, just as, after each tabulation of prospective tallies, the scribes and their allies can see nothing that resembles a defeat. Confidence is away above par. But the athletic market Friday night at the Y. M. C. A. is bound to fluctuate and one side or the other will come away with confidence, enthusiasm and spirits considerably shattered.

Swimming. 1. Forty-yard dash, each side two entries. 2. Relay race, four on each side, each swimming two lengths of the

pool below the gym floor till the last event is finished on the gym floor.

It has been decided to inaugurate the meet with the swimming events which will include a dash, relay race and a plunge for distance under water. The competitors for athletic honors will then repair to the gymnasium, where the major portion of the program will be carried out, pool, making a total of 150 yards for the entire race.

3. Plunge for distance under water, each side having two entries.

And this lovable, simple country gentleman used a razor which justly rewarded his skill—that old time model whose perfect balance makes it seem part of your own hand—a long, keen blade that can lie on your cheek at only one—the right—shaving angle. All that Scott's fine old razor needed to make it a perfect shaving tool was the double-edged, guarded detachable blade of the

DURHAM-DUPLEX A Real Razor—made Safe

Lay this real-razor-made-safe against your cheek. It feels as comforting and shears as smoothly as the old-time blade—only it won't cut your face. And because it has two edges, it naturally doubles your blade mileage. In addition it has the longest, strongest, keenest, best-tempered blade on

earth—a blade that you can instantly detach and strop or hone and so save money. These vital improvements on what hitherto has been the best of all razors have led seven million men to change to the Durham-Duplex, a real razor made safe. Why not have these extra conveniences for yourself—today?
